

SMART • QUALITY • INNOVATION - FOR YOU
MILK PROCESSING | PASTURE SUPPLY | MEAT PROCESSING | FARMING SUPPLY

FARMING SUPPLY

For more than 50 years we offer quality products from Heiniger.

Competent consultancy, quality products and the suitable equipment are the requirements for a long-lasting partnership.

As well we offer in this segment pumps, PVC stripes, and now NEW LED spotlights of highest quality for inside and outside your farming buildings.

Our LED spotlights illuminate even the darkest spot on your farm.

CLIPPERS

High quality materials, ergonomic corpus, low noise motors and "Made in Swiss" – Heiniger quality clippers.

For more than 50 years we trust in Heiniger shearing machines. For your cattle's, sheep's, horse's or pets – the shearing machines of Heiniger are always the right choice.

We also offer the matching clipper blades, shearing combs and clipper heads.

XPERIENCE clipper

XPERIENCE clipper for cattle's and horses

- Powerful
- Ergonomic and light
- Silent working
- High performance permanent magnet motor
- Fiberglass reinforces housing for longevity and stability
- Protects your wrist from irritations
- No distraction from escaping air
- Unique, innovative stable connection between clipping head and housing for shearing with less vibration

Included:

- Clipper
- 1 pair of clipping blades
- special screwdriver
- bottle of special lubricating oil
- cleaning brush
- case for transport and storage

- Motor power: 250 W
- Speed: 2500 double strokes / min.
- Weight: 1240 g
- Machine length: 301 mm
- Noise emission: 70 dB

Part no. 15257 XPERIENCE clipper  1

Part no.	Type	Motor power	Speed	Weight	Machine length	Noise emission:
15257	XPERIENCE clipper for cattle's and horses	200 W / 230 V	2500 Double strokes/min.	1250 g	301 mm	70 dB

XPLORER accumulator clipper

XPLORER accumulator clipper for cattle's and horses

- Cordless clipper
- Li-Ion battery technology
- 2 hours cordless working time
- Excludes memory effect
- Ergonomic and light
- Silent working
- Fiberglass reinforces housing for longevity and stability
- Protects your wrist from irritations
- No distraction from escaping air
- Unique, innovative stable connection between clipping head and housing for shearing with less vibration
- LED display on the charger for actual charging level

Included:

- Clipper
- 1 pair of clipping blades
- charger
- power pack with plug
- special screwdriver
- bottle of special lubricating oil
- cleaning brush
- case for transport and storage

- Battery: 10,8 Volt Lithium-Ion
- Speed: 2450 double strokes / Min.
- Weight: 990 g / 1020 g with battery
- Machine length: 301 mm
- Noise emission: 65 dB
- Battery charging time: 60 – 70 min.

Part no. 15584	XPLORER including 2 batteries	1
Part no. 15584-2	XPLORER including 1 battery	1
Part no. 15584-1	Battery 10,8 V / 2,6 Ah	1

Part.-No.	Type	Motor power	Speed	Weight	Machine length	Noise emission:
15584	XPLORER accumulator clipper for cattle's and horses	10,8 Vol Lithium-Ion	2450 double strokes / Min.	990 g / 1020 g with battery	300 mm	65 dB

PROGRESS horse clipper

PROGRESS horse clipper

- **Standard and Style model available**

- The best choice for shearing nervous horses
- Powerful
- Slim handle
- Light weight
- High performance permanent magnet motor
- No distraction from escaping air

Included:

- Clipper
- 1 pair of clipping blades
- special screwdriver
- bottle of special lubricating oil
- cleaning brush
- case for transport and storage

- Motor power: 80 W
- Speed: 2200 double strokes / min.
- Weight: 970 g
- Machine length: 380 mm
- Noise emission: 70 dB

Part no. 15067 Standard	PROGRESS Standard	1
Part no. 15067-Style	PROGRESS Style	1

Part no.	Type	Motor power	Speed	Weight	Machine length	Noise emission:
15067-Standard 15067-Style	PROGRESS horse clipper	80 W	2200 double strokes / min.	930 g	280 mm	70 dB

XPERT sheep shearing machine

XPERT sheep shearing machine

- Powerful
- Ergonomic and light
- Handy machine on the highest level of technology
- Silent working
- Fiberglass reinforces housing for longevity and stability
- Protects your wrist from irritations
- Unique, innovative stable connection between clipping head and housing for shearing with less vibration
- Patented shearing system

Included:

- Clipper
- 1 pair of clipping blades
- special screwdriver
- bottle of special lubricating oil
- cleaning brush
- case for transport and storage

- Motor power: 200 W
- Speed: 2500 double strokes / min.
- Weight: 1180 g
- Machine length: 301 mm
- Noise emission: 79 dB

Part no. 15398 XPERT sheep shearing machine 1

Part no.	Type	Motor power	Speed	Weight	Machine length	Noise emission:
15398	XPERT sheep shearing machine	200 W	2500 double strokes / min.	1180 g	301 mm	79 dB

EVO shearing plant

EVO shearing plant

- Worldwide first shearing plant with included electronic safety switch
- 3 speed adjustments
- Strong motor
- Awarded with Australian "Work Safe Award"
- Extremely stable and durable due to fiberglass reinforced housing
- Service free belt and quick release

Included:

- Shearing plant
- special screw driver
- oil dispenser 100 ml
- universal grease
- Complete with flexible drive (worm) 200 cm and handpiece Icon (worm)
- Motor power: 300 W
- Rotation with 230 V: 3500/3200/2700 rpm
- Rotation with 120 V: 3500/3200/2700 rpm
- Weight: 7,8 kg
- Dimension (w x h x l): 225 x 300 x 290 mm
- Noise emission: 70 dB

Part no. 14020-3

PROGRESS Standard  1

Part no.	Type	Motor power	Speed	Weight	Machine length	Noise emission:
14020-3	EVO shearing plant	300 W	3500/3200/2700 UpM	7,8 kg	225 x 300 x 290 mm	70 dB

ONE shearing plant

ONE shearing plant

- Single rotation shearing plant
- Stron motor
- ONE offers the same advantages as EVO, working with one flexible shaft
- Extremely stable and durable due to fiberglass reinforced housing
- Handy, easy and silent

Included:

- Shearing plant
- special screw driver
- oil dispenser 100 ml
- universal grease
- Complete with flexible drive (worm) 200 cm and handpiece Icon (worm)
- Motor power: 300 W
- Rotation with 230 V: 2950rpm
- Weight: 6,5 kg
- Dimension (w x h x l): 243 x 317 x 209 mm
- Noise emission: 70 dB

Part no. 722-610 ONE shearing plant 1

Part no.	Type	Motor power	Speed	Weight	Machine length	Noise emission:
722-610	ONE shearing plant	300 W	2950 UpM	6,5 kg	243 x 317 x 209 mm	70 dB

SAPHIR Battery clipper

SAPHIR Battery clipper

- Standard and Style model available
- Used for small animals like pets and for trimming of cattle's and horses
- Cordless shearing machine
- Li-Ion battery technology
- Battery change for continuous clipping
- Up to 90 minutes of clipping
- Charging time less than 60 minutes
- Silent, easy and powerful
- SAPHIR clipper heads are compatible with clippers from Andis, Moser, Oster and Wahl

Included:

- Clipper and clipping head
- Charger
- Oil dispenser
- Cleaning brush
- Case for transport and storage

- Motor power: 35 W
- Battery: 7,4 Volt Lithium-Ion
- Speed: 2650 double strokes / min.
- Weight: 440 g with battery
- Dimension (w x h x l): 204 x 50 x 41 mm
- Battery charging time: 60 min.

Part no. 14690	SAPHIR including 2 batteries	1
Part no. 14690-1	SAPHIR including 1 battery	1
Part no. 14690-Style	SAPHIR Style Model	1
Part no. 14690-2	SAPHIR Li-Ion Akku 7,4 V / 1,6 Ah	1

Part no.	Type	Motor power	Speed	Weight	Machine length
14690	SAPHIR Battery clipper	35 W	2650 double strokes / min.	440 g	204 x 50 x 41 mm
14690-Style	SAPHIR Battery clipper Style				

SAPHIR clipper Cord

SAPHIR clipper Cord

- Cord clipper
- Used for small animals like pets and for trimming of cattle's and horses
- Powerful
- Unique design
- Innovative with excellent technical characteristics for professional clipping of small animals
- Silent and light
- SAPHIR clipper heads are compatible with clippers from Andis, Moser, Oster and Wahl

Included:

- Clipper and clipping head
- Oil dispenser
- Cleaning brush
- Case for transport and storage
- Motor power: 35 W
- Speed: 3200 double strokes / min.
- Weight: 330 g
- Dimension (w x h x l): 204 x 50 x 41 mm
- Cable length: 3 m

Part no. 14690-Cord	SAPHIR clipper Cord	1
------------------------	------------------------	---

SAPHIR Basic Clipper

SAPHIR Basic Clipper

- starter model for professional grooming
- rechargeable Lithium ion battery technology
- up to 2 hours of cordless working
- Suitable for Cats-, Dogs-, Horses- & Cowstyling as well as for veterinary services
- 16 different scherköpfe
- unique design
- powerful, silent and easy to use

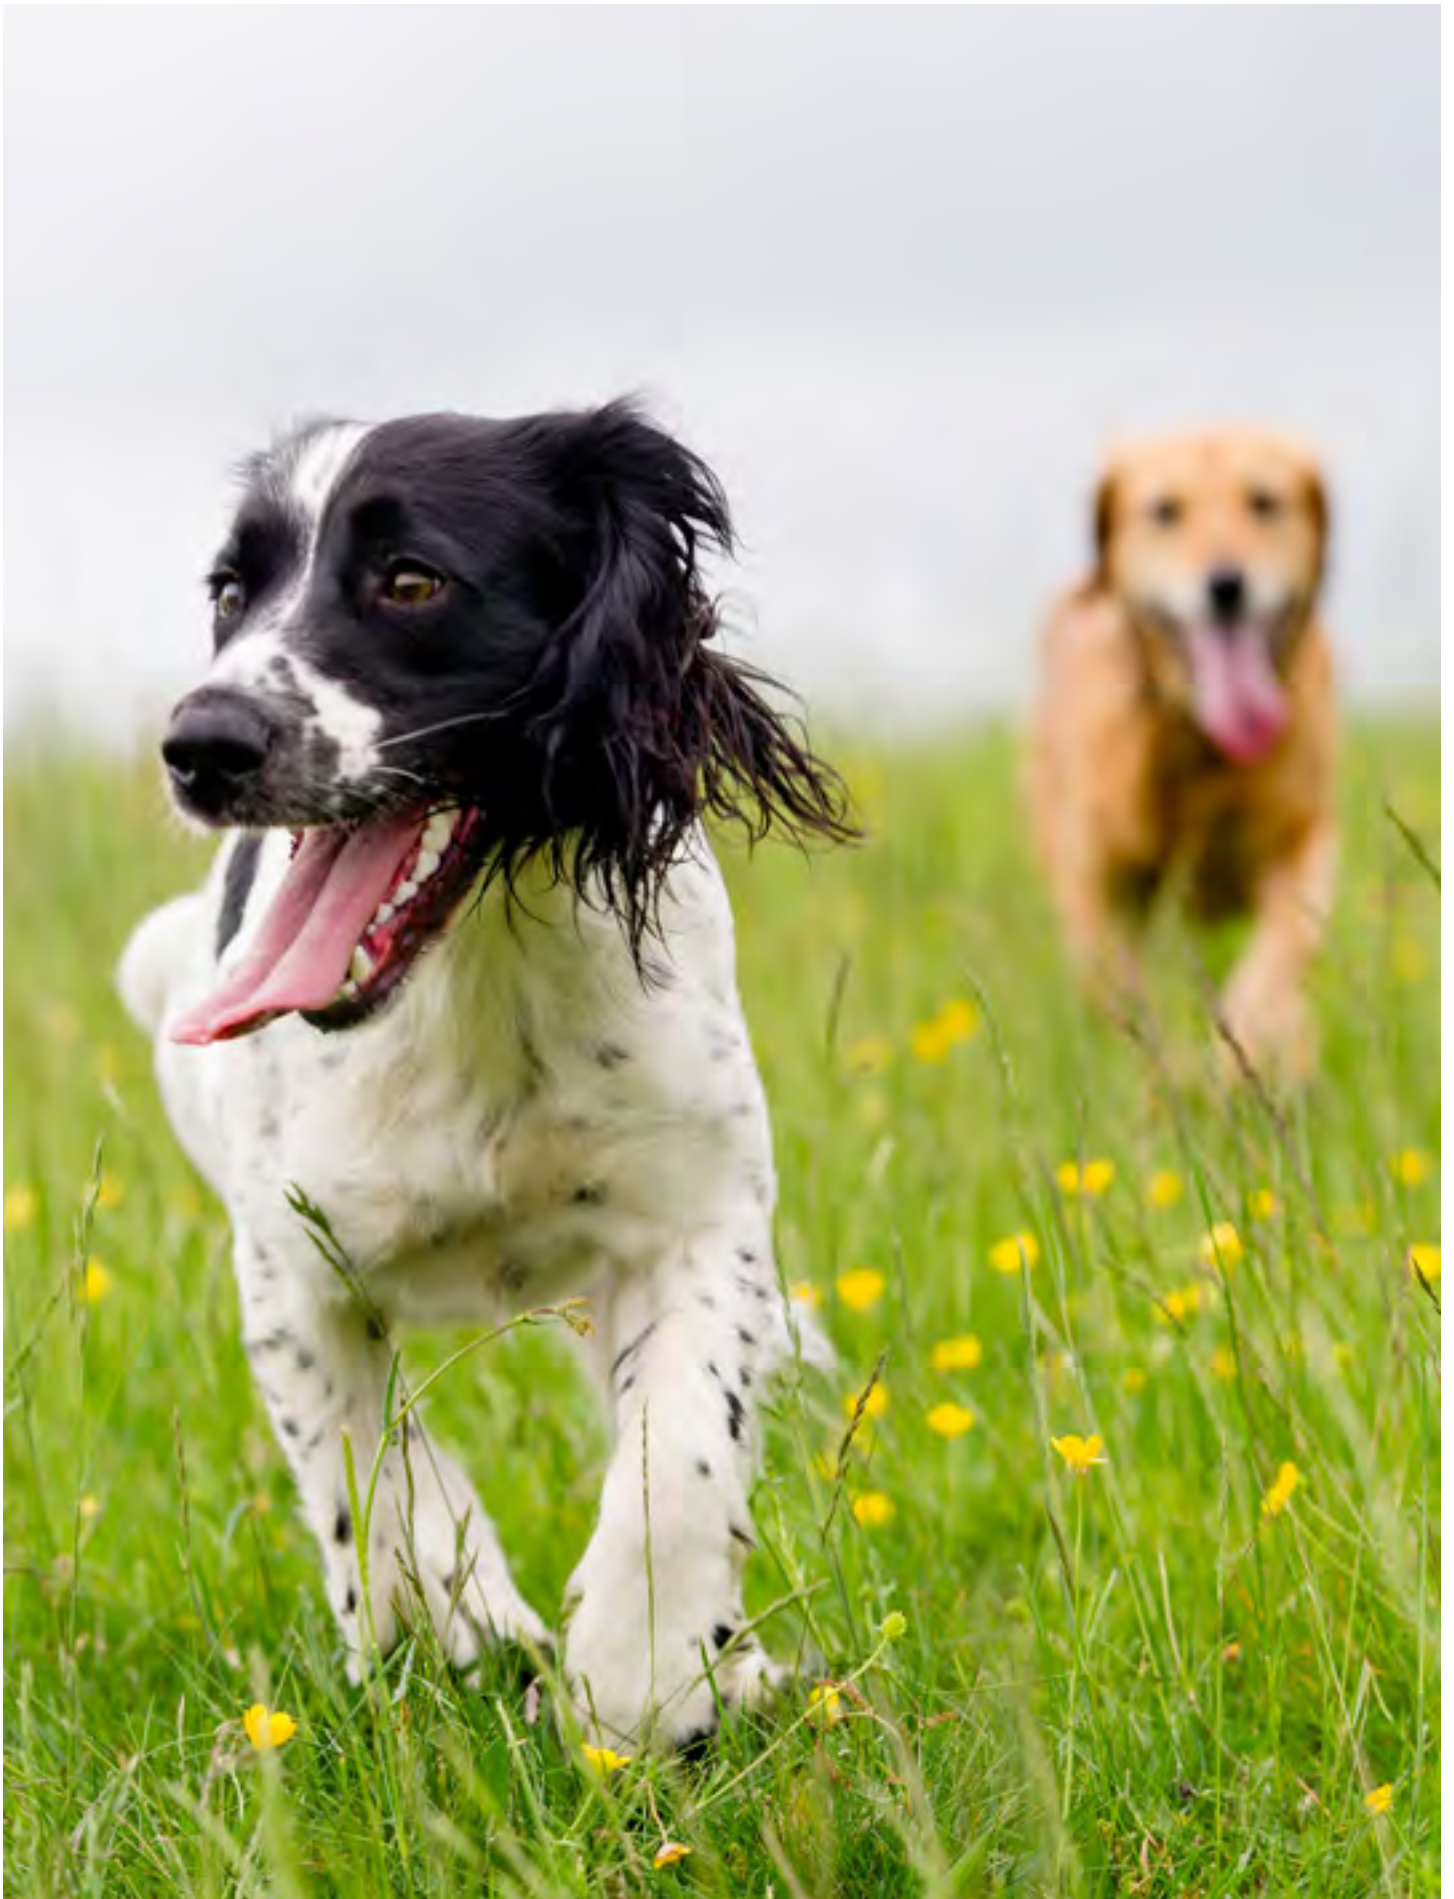

Included:

- Clipper and clipping head
- rechargeable battery
- charger
- clipping blades number 10 (standardized)
- care utensils
- motor power: 35 Watt
- Speed: 2650 double strokes / min.
- Dimension (w x h x l): 204x50x41 mm
- Weight: 425 g
- Battery: 7,4 V
- Battery Voltage: 1600 mAh

Part no. 14691	SAPHIR Basic Clipper	1
----------------	-------------------------	---

Part no.	Type	Motor power	Speed	Weight	Machine length
14690-Cord	SAPHIR clipper Cord	35 W	3200 double strokes / Min	330 g	204 x 50 x 41 mm

CLIPPER BLADES, COMBS & HEADS

Every master in clipping needs a special clipping blade, comb or head. The difference in a perfect cut or just a normal one is sometimes just 1 gram, 1 millimeter or 1 tooth.

We offer a complete assortment for clipping blades, combs and heads for the perfect shearing of the animal.

21/23 CLIPPER BLADE SET

- Allround clipper blade
- Cattle's and horses
- Suitable for dirty coats
- Top blade: 23 cogs
- Bottom blade: 21 cogs
- Coat length after clipping: 2-4 mm

Part no. 15412 Clipper blade set  1

31/15 CLIPPER BLADE SET

- Standard clipper blade
- Cattle's and horses
- Suitable for clean coats
- Top blade: 31 cogs
- Bottom blade: 15 cogs
- Coat length after clipping: 2-4 mm

Part no. 15079 Clipper blade set  1

31F/15 CLIPPER BLADE SET

- Fine clipper blade
- Cattle's and horses
- Perfect finish
- Top blade: 15 cogs
- Bottom blade: 31 F cogs
- Coat length after clipping: 1-2 mm

Part no. 15285 Clipper blade set  1

31/23 SCHERMESSER SET

- Standard clipping blade
- Cattle's and horses
- Suitable for clean coats
- Top blade: 23 cogs
- Bottom blade: 31 F cogs
- Coat length after clipping: 2-4 mm

Part no. 702-100 Clipper blade set  1

31F/23 CLIPPER BLADE SET

- Fine clipping blade
- Cattle's and horses
- Perfect finish
- Top blade: 23 cogs
- Bottom blade: 31 F cogs
- Coat length after clipping: 1-2 mm

Part no. 703-580 Clipper blade set 1

35F/17 CLIPPING BLADE SET

- For horse and cow styling
- Top blade: 17 cogs
- Bottom blade: 35 F cogs
- Coat length after clipping: 1-2 mm

Part no. 703-630 Clipper blade set 1

CAMELID SHEARING COMB

- Special comb
- Lamas, alpacas and camels
- Coat length after clipping: 6-10 mm

Part no. 714-025 CAMELID Shearing comb 1

EDGE CLIPPER BLADE

- Top blade
- Wide throw
- More reach on the comb
- Sheeps
- 4,4 mm thick

Part no. 15430 EDGE Clipper blade 1

Part no. 15094 EDGE & OVINA 1

OVINA SHEARING COMB

- Universal shearing comb
- Sheep
- 77 mm wide
- Medium level

Part no. 15172	OVINA Shearing comb	1
----------------	------------------------	---

SHATTLE SHEARING COMB

- For sheep shearing machines
- For normal sheep shearing top blades

Part no. 15517	SHATTLE Shearing comb	1
----------------	--------------------------	---

PROLEGEND SHEARING COMB

- Universal shearing comb
- Sheeps
- For open fine wool
- 92 mm wide
- Medium level

Part no. 15427	PROLEGEND Shearing comb	1
----------------	----------------------------	---

CHARGER SHEARING COMB

- Sheeps
- For open fine wool
- Specially for Europe and New Zealand
- 93,5 mm wide
- Short level

Part no. 15181	CHARGER Shearing comb	1
----------------	--------------------------	---

SAPHIR #50 CLIPPER HEAD

- Changeable clipper head for SAPHIR
- 0,4 mm

Part no. 707-905	SAPHIR #50 Clipper head	1
------------------	----------------------------	---

SAPHIR #40 CLIPPER HEAD

- Changeable clipper head for SAPHIR
- 0,6 mm

Part. no. 707-910	SAPHIR #40 Clipper head	1
-------------------	----------------------------	---

SAPHIR #30 CLIPPER HEAD

- Changeable clipper head for SAPHIR
- 0,8 mm

Part no. 707-917	SAPHIR #30 Clipper head	1
------------------	----------------------------	---

SAPHIR #15 CLIPPER HEAD

- Changeable clipper head for SAPHIR
- 1,5 mm

Part no. 707-926	SAPHIR #15 Clipper head	1
------------------	----------------------------	---

SAPHIR #10 CLIPPER HEAD

- Changeable clipper head for SAPHIR
- 1,8 mm

Part no. 707-930

SAPHIR #10
Clipper head

ACCESSORY CLIPPERS & FARM EQUIPMENT

Special accessories around shearing, clipping and animal husbandry. The health of your animal is our utmost concern. If you are looking for PVC stripes, accessories for your clippers or tail holders – our accessory meets your expectations.

CLAW SCISSORS

- Hardened blade
- For sheeps and lambs
- Overall lengths: 19 cm
- Blade length: 4 cm

Part no. 132-200	Claw scissors	1
------------------	---------------	---

CLIPPER OIL

98701-647

98707-106

- Specially developed non-toxic clipper oil
- Increases performance
- Reduces friction
- Enhances blade life
- Re-filling bottle available

Part no. 98701-647	Dispenser bottle 100 ml	1
--------------------	-------------------------	---

Part no. 98707-106	Refill bottle 500 ml	1
--------------------	----------------------	---

COMBI GRINDER

- For sharpening of animal clippers
- Holding tong and grinding paste (fine)
- 230 Volt
- 580 W Motor

Part no. 15473	Combi grinder	1
----------------	---------------	---

STRIP CURTAIN PVC

- Ideal protection from wind and cold in winter
- Fly protection in summer
- Unobstructed field lairage
- For all doors, gates and passages
- PVC-Stripe: UV stabilized, transparent, 3 mm thick
- Dimensions: 300 x 3 mm
- Roll: 25 m
- Application: to -35°C
- Montage: 7,5 cm up to 15 cm overlapping of strips
- Mounting rail (not included):
 - 7 swing plates
 - Length: 1,23 m
 - Stainless steel
 - With mounting accessories

Part no. PA503032 Strip Curtain PVC 1

TAIL HOLDERS

Part no.	Type	VPE
K11284-10	Tail holder MONTAFON, per 10 pcs.	1
30210-10	Tail holder ALLGÄUER, per 10 pcs.	1
K1129-5	Upper rubber part, per 5 pcs.	1
K11291-5	Lower rubber part with clasp thorn, per 5 pcs	1
K11300-5	Lower rubber part, per 5 pcs.	1

HAND WIPES SEPTICARE

- Strong, double textured wipes
- Advanced cleaning formula
- Suitable for hands and surfaces
- Wipes are abrasive but non scratching
- Very effective for all types of contamination
 - especially suitable for
 - oil dirt and stains
 - greasy stains
 - adhesives
 - wet paints, inks and lacquers/coatings
- Safe use at:
 - metal
 - painted surfaces
 - whiteboards
 - panel
 - wood laminate
 - many other synthetic materials and surfaces
- Perforation for easy tear-off
- 80 wipes/box

Part no. U607001 hand wipes SC

ROOT VOLE BULLET TRAP

- Effective device against root vole
- Quick - easy - strong effect
- Lightning/rapid & animal welfare method
- Compatible with this our driving cartridges 9x17 in yellow (Part.-No.: 130763)
- Material: galvanized steel

Part no. 34042 root vole bullet trap

DISPOSABLE GLOVES

- Used especially in the food industry as well as in the food processing, hygienics and care
- Latex
- Nitrile white
- Nitrile blue extra strong (e.g. for meat processing and dairy)
- Nitrile blue extra strong, long (e.g. used as milking gloves)
- Available in following sizes: S, M, L, XL
- Size XXL is available for surcharge

Disposable Gloves Latex

1 box

Disposable Gloves Nitrile, white

1 box

Disposable Gloves Nitrile, blue, long

1 box

Disposable Gloves Nitrile, blue, extra strong

1 box

LED SPOTLIGHTS WITH BATTERY

- Portable LED Spotlight
- Small - compact - powerful
- 10 W or 20 W
- Replaceable Li-Ion battery
- 3-step dimming
- Strongly adhering magnet foot
- Rechargeable via 230 V or car charger
- USB port
- Battery level indicator
- Perfect illumination in - and outdoor

Part no. 21965	LED Spotlight 10 W	 1
Part no. 21966	LED Spotlight 20 W	 1

OUTDOOR LED SPOTLIGHTS

- Mounting bracket
- Simple outdoor assembly
- Protection class IP65
- Beam angle 120
- Suitable for front yard, farm buildings, parking areas, pad
- Docks, entrance area and many more
- Available versions:
 - 10W
 - 30W
 - 50W
 - 100W
 - 200W

Part no. 22460	LED Spotlight 10 W	 1
Part no. 22461	LED Spotlight 20 W	 1
Part no. 22462	LED Spotlight 50 W	 1
Part no. 21768	LED Spotlight 100 W	 1
Part no. 21907	LED Spotlight 200 W	 1

LED HALL LIGHTING

High-power LED single hall lighting for large-area illumination, e.g. indoor riding hall.

High energy efficient, dirt and moisture resistant, transparent front glass including lens optics for ideal angle of radiation.

Illumination calculation for your hall on request.

- Powerful LED pendant light for extensive lighting (e.g. paddocks)
- Maximum energy efficiency, dirt- and humidity- resistant
- Transparent front glass with lensed optics for optimal beam angle
- Available versions:
 - 120 W
 - 150 W
 - 200 W
- Suitable for industrial- or production halls
- agricultural industry, riding halls or horse stables

Part no. 22215	LED Ufo Lightning 120 W	 1
Part no. 22569	LED Ufo Lightning 150 W	 1
Part no. 22549	LED Ufo Lightning 200 W	 1

LED CONSTRUCTION LIGHTS

- Portable, robust LED spotlight
- High-power and energy efficient
- 50 W or 100 W
- Including 5 m cable and plug
- For floor usage
- Swiveling
- Available with stand

Part no. 22274-5	LED construction light 50 W	 1
Part no. 22275-G	LED construction light 100 W	 1
Part no. 22570	LED construction light with tripod	 1

PUMPS & ACCESSORIES

Our farm supply and pump assortment is adapted to your need on your farm, quality and performance.

Pumps help you to clean your farm easily.

Find your pump for your needs.

You are looking for a gas station or a gas pump? Our accessory is the right one for you.

**OMNIA 160/7 AUTO**

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 20 mm diameter
- Carrying handle, cable, plug and float switch included
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Min. draining level: 35 mm (manual)
- Connections: diameter 1" ¼ M
- Body/impeller: Stainless steel
- Accessories supplied: Connector
- Max. output: 160 L / min
- Max. lift pressure: 7 m / 0,7 bar

Part no. N2081050 Omnia 160/7 Auto  1

OMNIA 200/8 AUTO

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 20 mm diameter
- Carrying handle, cable, plug and float switch included
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Min. draining level: 35 mm (manual)
- Connections: diameter 1" ¼ M
- Body/impeller: Stainless steel
- Accessories supplied: Connector
- Max. output: 200 L / min
- Max. lift pressure: 8 m / 0,8 bar

Part no. N2081060 Omnia 200/8 Auto  1

BIOX 200/8 AUTO

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 40 mm diameter
- Carrying handle, cable, plug and float switch included
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Min. draining level: 45 mm (manual)
- Connections: diameter 1" ¼ M
- Body/impeller: Stainless steel
- Accessories supplied: Connector
- Max. output: 280 L / min
- Max. lift pressure: 9 m / 0,9 bar

Part no. N2091020 Biox 200/8 Auto 1

BIOX 300/10 AUTO

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 40 mm diameter
- Carrying handle, cable, plug and float switch included
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Min. draining level: 45 mm (manual)
- Connections: □ 1" ¼ M
- Body/impeller: Stainless steel
- Accessories supplied: Connector
- Max. output: 350 L / min
- Max. lift pressure: 11 m / 1,1 bar

Part no. N2091040 Biox 300/10 Auto 1

**BIOX 400/12 AUTO**

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 40 mm diameter
- Carrying handle, cable, plug and float switch included
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Min. draining level: 45 mm (manual)
- Connections: diameter 1" ¼ M
- Body/impeller: Stainless steel
- Accessories supplied: Connector
- Max. output: 450 L / min
- Max. lift pressure: 12 m / 1,2 bar

Part no. N2091060 Biox 400/12 Auto  1

SUB 3 S

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 2 mm diameter
- Max. grain size: 2 mm
- Carrying handle, cable, plug and float switch included
- Accessories included: Connector for hoses diameter 13 mm, 19 mm, 25 mm
- Quantity of impellers: 3
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Connections: diameter 1" ¼ M
- Body: Stainless steel
- Max. output: 100 L / min
- Max. lift pressure: 30 m / 3 bar

Part no. N3016120 Sub 3 S  1

DRENOX 350/12 AUTO

- Submersible pump
- Stainless steel
- Used for clean and waste water
- Solid particles up to 6 mm diameter
- Max. grain size: 6 mm
- Carrying handle, cable, plug and float switch included
- Accessories included: Connector for hoses diameter 32 mm
- Quantity of impellers: 3
- Voltage: 230 V
- Max. liquid temperature: 40°C
- Max. depth of immersion: 7 m
- Connections: diameter 1" ¼ M
- Body: Stainless steel
- Max. output: 300 L / min
- Max. lift pressure: 11 m

Part no. N1031080 Drenox 350/12 Auto 1

GASOIL STATION CT-KIT

- Powerful gasoil pump (Bypass), counter and gun mounted on wall panel
- Fuel filter is easy to clean
- Connection from bras
- Return valve with filter included
- Pump nozzle with swivel joint included
- Hose: 4 m
- Performance: 220 V / 370 W
- Max. output: 50 L / min.
- Max lift: 17 m

Part no. 18702-Set CT-Kit 1

DIESEL PUMP PGA 60-40

- electric self-lubricating pump
- Used for water too
- Voltage: 230 V
- Max. output: 60 L / Min.
- Max. lift / pressure: 30 m / 6 bar
- Max. suction lift: 5 m (water)
- Max. liquid temperature: 50°C
- Connections: ¾ "

Part.-No.
N6232130

PGA 60-40

PUMP DRILL 20

- Self-priming in both directions applicable pump
- Collectable with all drilling machines
- Decanting and transferring of liquids
- Usable for: Diesel, light oil, wine, most, vinegar, milk, etc.
- Max. output: 30 l / min.
- Max. lift: 25 m
- Max. suction lift: 6 m, self-priming

Part no. 16287

Drill 20

AUTOMATIC PUMP NOZZLE METALLIC

- Automatic pump nozzle
- Made from metal with swivel joint
- Max. Output: 60 l / min.
- Max. temperature: 60°C
- Connections: 1" AG, rotatable, brass

Part no. 18518

Automatic Pump
Nozzle Metallic

DIESEL HOSES

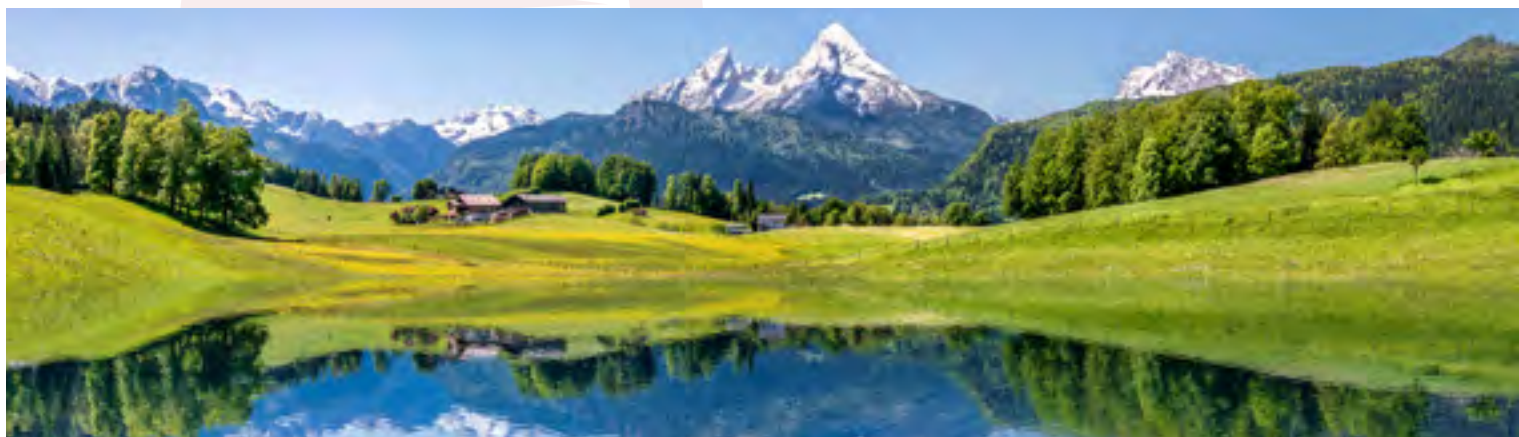

- Rubberized hoses
- Available as roll or in meters
- Price per meter
- Diesel hose standard: 40 m per roll
- Bio Diesel hose: 50 m per roll

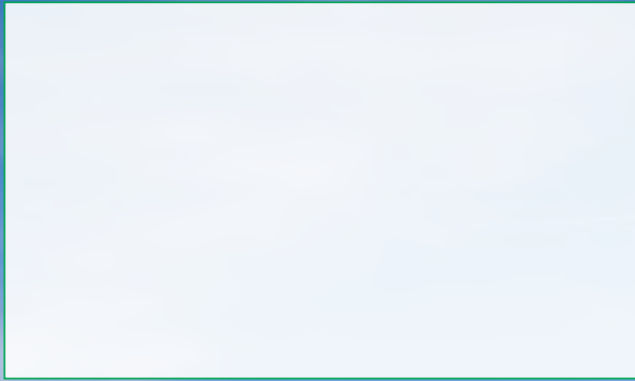

Part no. 18553	Diesel hoses	1
Part no. 18554	Bio-Diesel hose	1

ACCESSORIES

	Part no.	Typ	VPE
	88004	Return valve 3/4" With soaking basket	1
	82085	Socket in brass 1" External thread for diesel hose	1
	82086	Socket in brass 3/4" External thread for diesel hose	1
